Program:

Christian introduced Penfield Rotarian and Foundation Director George Gray. George said he plans to speak quarterly about Foundation issues. George had prepared remarks about polio and the polio plus program. Polio is a virus with no cure, only prevented by vaccination. There were still reports of polio on Pakistan, Afghanistan and Nigeria but none this year in India. There are cases in other countries such as China but they are referred to as "imported" cases. With all expenses included it cost 60 cents to vaccinate one person.

Rotary International has raised \$202M to meet Bill Gates' matching challenge of \$355M. The Gates Foundation has given an additional \$50M million without any challenge required from Rotarians.

50/50 Raffle:

\$69.00 in the pot (also Nel's age). Corinna picked Yvette's ticket number, but the Joker moves on .
