Milton:

Camp Haccamo in Penfield maintenance of the camp declined over the last 15 years. Rotarians who were craftsmen used to keep it up and maintain it, now any upkeep has to be paid for.

Haccamo used to be funded by the proceeds of the LPGA, but that has ended. The actual Camp Haccamo site closed down two years ago, with its programs now running through Rochester's Sunshine camp for three weeks each summer.

Haccamo Foundation will have \$2 million after sale of Penfield property.

Not option to merge Haccamo and Sunshine.

Current cost for 90 Campers per 3 Weeks: \$175, 000

Option 1. Continue to provide camps for disabled children and have Haccamo be the primary focus of the clubs.

Option 2. Become an agency that provides campers to Sunshine program and let Sunshine provide all the staff.

Annual funding for campers would come from a 5% withdrawal from the Haccamo Foundation, plus approximately \$25,000 from United Way and other sources, with the remaining \$50,000 coming from \$100 donated through each Monroe County Rotarian.
