

MARY ANN MADY greeted all 12 attendees to today's meeting. She doubled up by also giving the Invocation. DAVE STURTZ led The Pledge.

Our Visiting Rotarian was Nancy Aumann, who moved to Penfield about a year ago and still belongs to the Cortland Breakfast Club. She has attended several meetings and is excited about the opportunity to join Penfield Rotary. Nancy was a Rotary Ambassadorial Scholar in the 1970's, sponsored by the Williamson Rotary Club. Her educational travels led to a Ph.D and took her through three private and three public colleges, most recently as Associate Provost at SUNY Cortland from which she retired last year. Nancy first joined Rotary in 1987.

Also visiting was Shannon Staub, with Northwest Savings Bank in north Penfield (Plank and Empire). Shannon found us on the Internet, in a search to get involved in a meaningful community organization. She lives in Greece and is responsible for teller training in the Rochester area branches. She's a soccer mom and chairs a soccer league.

Aline Nguyen could not attend today's meeting, but has visited our club twice. Aline owns the *Mathnasium* franchise located in the Kam Wah restaurant/office complex behind Dunkin' Donuts. She and her parents came to the States in 1975. She graduated from both RIT and UR and spent 20 years in the corporate world. She remembers her days in Vietnam as a child in school struggling with the science of numbers. "It is why I opened Mathnasium of Penfield – to give your children the same opportunity to exceed that my parents and tutors gave to me. I know from my own experience how challenges can become opportunities and how math can prepare children to realize their full potential in our increasingly technological world."
