See the World!

Rotary International Youth Exchange Program

Why Rotary Youth Exchange?

Rotary International is a network of clubs around the world dedicated to serving others and advancing international goodwill. Rotary's motto is "Service above Self."

The Youth Exchange program is a cornerstone for our international effort in promoting contact and dialog among different countries and cultures. Youth Exchange students become good-will ambassadors of the United States as they learn and experience how other people live and view the world.

Students stay with 1 to 4 different families (to experience different lifestyles) and are given food & lodging. They receive a monthly stipend of \$50-75 spending money. They have the opportunity to travel and see different parts of the world at reduced rates.

Ride an elephant in Thailand - Hike through the Australian outback - Steam in a Finnish sauna - all of these are possible (and have been done!) by exchange students.

This year 7,000 young people will see the world the way it is best seen — personally — through the youth exchange program. This could be your year! For less than the cost of a semester in most universities you can spend a full year in another land as an exchange student! Come on, apply for Rotary's Youth Exchange program.

You may never have another chance to live in a different country.

Program Requirements

- You must be a minimum of 16 years old at time of departure, and a maximum of 18 years old before departure.
- Relationship to a Rotarian is not required.
- There is no specific language requirement. A student that has studied any language is going to be more responsive to the learning process when they arrive in his/her host country.
- Do you have the ability to adapt to the demands of new situations?
- Will a sponsoring Rotary club be proud to be represented by you?
- Do you have the support of your parents?
- Applicants will need to submit a completed application including references and medical examination.
- There is a nonrefundable application fee of \$200 to cover program costs. (Long term applicants)
- Applicants should be in the upper third of their class, academically.

Successful long-term applicants pay a flat fee of \$5,500 for the 2014-2015 year. This covers airfare, insurance, language camp, training and other expenses. Students also receive a monthly stipend of \$50-\$100 from their host Rotary club during their year abroad.

Summer short-term (4-8 weeks) applicants pay only for insurance (\$189) and the cost of the flight. Summer exchanges are family to family. Students' families host a child of the same gender for the same period of time during the summer, and then travel to the 2nd country.
